Dear Prospective Resident,

In an effort to help you understand the manner in which we evaluate your qualifications to become a resident and to assist you in determining for yourself whether you qualify prior to submitting an Application for Residency, the following are the community's policies and Guidelines.

It is the policy that any person of legal age has the right to submit an Application for Residency. Each application will be evaluated in a fair and uniform manner based on these factors; credit worthiness (including but not limited to credit history), criminal background check, income stability, rental/ownership history, occupancy Guidelines and pet restrictions. Only the applicant(s) qualifications will be evaluated, as we do not accept cosigners on a lease. All applicants are reviewed without regard to race, color, sex, religion, national origin, handicap or marital status.

Credit History: Your signature on the Application for Residency allows us to obtain your credit history where available to us under the Fair Credit Reporting Act or other applicable laws. A history of meeting payments as required on your credit obligations will receive favorable consideration. If your credit history reflects a pattern of slow payments, collection accounts, write offs or indicates housing suits or judgments for non-payment of rent you will not receive favorable consideration. A lack of credit history does not necessarily result in unfavorable consideration.

Ways to Submit Your Application:

Your Application for Residency must be submitted to Cresson Point Properties, LLC, along with a \$60.00 non-refundable processing fee per applicant over the age of 25). A copy of each applicants driver's license(s) must also be included as proof of identification. Applications may not be faxed. Approved submission methods are listed below.

ONLY COMPLETE APPLICATIONS WITH YOUR SIGNATURE WILL BE ACCEPTED.

We hope that the foregoing description of our policies and Guidelines has helped you in evaluating your qualifications to become a resident. Cresson Point Properties LLC will generally have an approval or denial notification out to the prospective resident within (5) days after a complete application has been submitted. A reason for delay would be waiting on documentation from a credit bureau for credit or criminal activity.

Resident shall have the right to sell the Home; provided, however, that Community Owners reserves the right to approve the purchaser of the Home if the home is to remain in the community, which approval shall not be unreasonably withheld.

5. RIGHT OF FIRST REFUSAL. Resident hereby grants to Community Owners the right of first refusal to purchase the Home, upon the following terms and conditions. If at any time during the term of this Lease, including any renewal, Resident receives a bona fide offer from a third party to purchase the Home, which offer Resident desires to accept, Resident shall promptly deliver to Community Owners a copy of such offer, and Community Owners may, within [TEN (10)] days after such delivery, elect to purchase the Home on the same terms as those set forth in the third party offer. If Community Owners elects to purchase the Home, settlement shall take place no later than [forty-five (45)] days after such election. Resident shall conform to Community Owner's Guidelines governing the Community (the "Manufactured Home Community Guidelines "), which are attached to this Lease as Exhibit "A" and made a part thereof. The Rules are also posted in the Community in accordance with the Act. Community Owners shall have the right during the term of this Lease to change or add to the Rules in its discretion. No change or addition to the Rules shall become effective until Resident has been provided with a written copy of the changed or added Rules, and such changes are posted, as required by the Act. Resident agrees that a violation of the Rules shall be a violation of this Lease. Violations of the Rules shall permit Community Owners to exercise any and all remedies provided by this Lease.

9. POSSESSION. Community Owners will not allow a new Resident to occupy the Premises without a signed newly executed Lease. Community Owners shall not be liable to Resident for any failure to give Resident possession of the Premises ("Possession") at the start of this Lease, nor shall any such failure constitute a breach under this Lease. Lot Rent shall be paid in full to Community Owners, any such pro-rata Rent charge shall be worked out between Buyer and Seller of the manufactured home not the Community Owners.

10. SECURITY DEPOSIT.

(a) Amount and Disposition. A security deposit in the amount indicated in Paragraph 2 above (the "Security Deposit") shall be deposited in the account of First Northern Bank and Trust. The tenant is entitled to interest after the second anniversary of giving a deposit. No payment by Resident, or receipt by Community Owners, of an amount less than the full amount of Rent, shall be deemed to be an accord and satisfaction, nor shall any statement on any check or letter accompanying any such partial payment be considered an accord and satisfaction. Community Owners reserve the right to accept a partial payment of Rent without prejudicing Community Owner's rights to recover the balance of the Rent due and owing, or to pursue Community Owner's available remedies. Resident hereby waives any right to set-off the Rent according to any other claim against Community Owners. No cash will be accepted.

If any check issued to Community Owners for payments due under this Lease is returned by Resident's or Community Owner's bank without payment, for any reason whatsoever, Community Owners may require that Resident pay all further rent payments by certified check or money order. 15. NO WAIVER BY COMMUNITY OWNERS. Community Owners shall have the right to require strict compliance with the terms, agreements, and conditions of this Lease without having insisted upon strict compliance at all times during this Lease. MANUFACTURED HOME COMMUNITY

GUIDELINES

We would like to take this opportunity to introduce ourselves. We are the owners of Cresson Point Properties LLC. Welcome to the community. To protect your investment and the value of your home, Guidelines have been adopted to enhance the desirability of residing in our retirement manufactured housing community. These Guidelines are established to prevent nuisances and the impairment of attractiveness of the retirement community, to maintain the desired tone of a properly operated and managed community, and to insure to each resident the full benefit and enjoyment of their home.

It is necessary for everyone to adhere to common sense behavior in the community. These Guidelines established by management deal with the courtesy to your neighbors. In most cases they should be second nature to you and no extra effort will be required.

We are sure you will be very content in knowing that our aim is to provide you a place where you can live and entertain your guests with pride, dignity and comfort. The cooperation of all residents is required to achieve our mutual goals of privacy, safety, comfort and pleasant surroundings.

-Cole and Amber Peffer

I. Registration

- a. **Application:** All persons who want to be considered for residence in the community must fill out a rental application before being considered for approval. Your signature on the rental application allows us to obtain your criminal and credit history where available to us under the Fair Credit Reporting Act or other applicable laws. Each application will be evaluated in a fair and uniform manner based on a history of meeting payments as required on your credit obligations. If your credit history reflects a pattern of slow payments, collection accounts, write offs or indicates housing suits or judgments for non-payment of rent you will not receive favorable consideration. A lack of credit history does not necessarily result in unfavorable consideration.
- b. **Lease:** All residents are required to sign a lease agreement prior to moving into the community.
- c. **Security Deposit:** Please refer to your lease to determine if a security deposit is required.
- d. **Guidelines Packet:** All residents must abide by the "Guidelines". Residents must sign the last page of the Guidelines packet before moving into the community and every time an updated Guidelines packet is published. Community Owners reserve the right to amend or to supplement these Guidelines at any time. Community Owners will deliver to the residents in writing, a notice of the amendments or supplements at least sixty (60) days before the effective date of the new provisions.

II. Rent

- a. **Due Date:** Lot rent is payable via mail to the community's payment address listed in your lease. Rent is due on the 1st of each month, with a five (5) day grace period. Any envelope with a post mark date of the 6th or later is considered late.
- b. **Late Charges and Returned Checks:** Any rent envelope post marked after the 5th day of the month will incur a late fee penalty (See Fee Disclosure Sheet). All rent payments must be made in full to avoid late charges. If your account has an outstanding balance monies received will be applied to past due rents first. Any check returned from the bank for any reason will be subject to a service charge (See Fee Disclosure Sheet) and the resident must immediately submit payment with service charge via a money order or certified bank check. Note that if your rent payment is late as a result of this returned payment, you will also be subject to the late fee penalty.
- c. **Increases:** Rents for a mobile home site, commonly known as ground rents, shall not change more than once in a 12-month period. Notice will be provided to all residents at least thirty (30) days before the effective date of the increase.

III. Occupancy

- a. **Owner Occupancy:** Only persons listed on owner's lease may reside in the home. Residents may not sublet the premises or any portion or part. All homes must be owner occupied. Management reserves the right to request a copy of the title to authenticate home ownership at any time during lease period. Home residencies are intended for single family occupancy only. New residents must contact the local township and county to establish residency and obtain a move-in permit if required.
- b. **Number of Occupants:** The number of occupants in a manufactured home will be restricted by the square footage of the home (length x width) and in no cases may occupancy exceed two persons per bedroom per home. Each adult occupant must have a minimum of three hundred (300 sq/ft) square feet. At least one occupant must be fifty five (55yrs) of age or older, with no additional occupant being less than 25 years of age. Eighty (80%) percent or greater of the occupied home spaces must be occupied by at least one person fifty five (55) years of age or older per home space, which means there can be no more than nine (9) home spaces in the community with the owner occupant being less than fifty five (55) years of age.
- c. **Change of Occupancy (Visitors/Guests):** If the resident has any visitor or guest who remains in the home so frequently, or is in the home overnight so frequently, such that it appears that the guest is occupying the home, that guest must apply for occupancy approval by completing a Rental Application to remain in the home. If a guest is present in the home for more than fifteen (15) consecutive days or thirty (30) days in a calendar year, the guest shall be deemed to be a resident subject to residency approval. As noted, visitors and/or guests must notify management and complete a Rental Application form. If an authorized occupant gets married, this new family may not reside in the home without prior approval from community owners.
- d. **Sale of Manufactured Home in the Community:** The resident may transfer or sell the manufactured home, belonging to the resident located within the community. If following the transfer or sale the manufactured home is to remain in the community with a new owner, and/or if a new residency is established, Community Owners have the right to approve or deny the prospective resident, which approval shall not be unreasonably withheld. The resident should have their prospective Buyer contact the community office to obtain the Guidelines, Rent, Fees, Service Charges, Disclosure documents and purchase information, so that an acknowledgment can be executed and put on file. Any new lease which is part of your resale cannot and will not become effective until at least five (5) days have expired following your prospective Buyer's signed receipt for the required community documents. During the five (5) days, the prospective buyer can cancel your agreement, it must be in writing and a copy sent to the manufactured home community owner or operator. You risk having problems with your Buyers and/or community if you do not comply with this law. If a home closing/settlement date is after the first day in the month, the current resident in the community has to have had all community fees paid in full for the current month. The seller of the home must work out an agreement with the prospective resident for pro-ration of that particular month's grounds rent. (If applicable)

- i. **First Right of Refusal:** If you desire to sell your home, you must give the Community Owner the right to purchase the home at the same price which you were offered, proof of which you must submit by written Agreement of Sale with your purchaser. Community Owners shall either accept or reject its first right to purchase the home within ten (10) days from the time you submit your Agreement of Sale. If a resident sells his/her home under a net listing contract they must abide by these terms. A net listing contract means the minimum amount of sale proceeds that the seller will accept, regardless of the amount of commission and customary and reasonable title transfer charges. However, Seller's net proceeds shall remain chargeable for any liens, taxes or other charges that affect the title to be conveyed. the price at which Community Owners may exercise its first right to purchase is the sales price agreed upon by the resident in his/her net listing contract without regard to any later sales price negotiated by a sales agent, dealer or broker under said contract. In the case of a net listing contract, Community Owner's first right to purchase the home runs ten (10) days from the day upon which Community Owner receives a copy of the net listing contract. In the event that a resident signs a new listing contract reducing the price from any prior contract submitted to Community Owner, the resident must again provide Community Owner's with the first right to purchase the home in accordance with these rules. Your Agreement of Sale with a purchaser must be subject to Community Owner's first right to purchase as stated above and the Communities right shall be effective as to any purchasers. It is highly recommended that before anything is done with regard to the sale of a manufactured home that the resident contact Community Owner for further details. Community Owner will waive its right of first refusal upon being provided with evidence of a sale, transfer, or conveyance of a resident/owner's sale, transfer, or conveyance of his/her right, title and interest in the home to a member of the resident/owner's immediate family. A member of the immediate family is restricted to the natural born or adopted parents or children of the resident/owner, and/or the resident/owner's siblings. Any immediate family transfer remains subject to all other requirements of the Guidelines including the community's home resale procedures and occupancy/residency approval requirements. If the community has turned down its first purchase option and the resident has a prospective buyer, a credit/rental application must be obtained from the community management and completed by the prospective resident. The current non-refundable Application fee will be charged. Decisions can take approximately one (1) week.
- ii. **Title/Lender Information:** A copy of the fully executed and notarized transfer papers and title work may be asked to be presented to the community prior to final residency approval if the transaction paperwork services are obtained from a vendor other than the community. Title to the home must be transferred to the new owner at the time of sale if the home is to remain in the community. Community management may at any time demand proof and a copy of the new title of the home and financial lender information if applicable.
- iii. **Unapproved Buyer:** If the manufactured home is sold to a buyer who is not approved by Community Owners, the sale will be valid but the new purchaser will not be considered a resident, and the manufactured home will be required to be removed from the community immediately. A current resident may, therefore, suffer substantial damages if he/she attempts to sell without first notifying community management.

iv. Home and Lot Inspections:

1. Prior to listing your home for sale, Residents must contact community management to arrange for a site inspection of the home and home space for approval to sell the home if the intentions are to have the home remain in the community. Once community management has been contacted an inspection of the items listed in section V. Home Appearance/Maintenance will be completed. Any violations found during a site inspection must be corrected before a prospective resident may purchase the home, unless the new potential buyer is willing to assume responsibility; this new obligation must be in writing and signed by both the seller and buyer and submitted to the Community Owners. The new resident will be required to follow the Guidelines set forth in section: s. Home Repair Non-Compliance Timeline under V. Home Appearance/Maintenance.
2. For a home remaining in the community, the Buyers/Sellers must arrange to have a PA certified home inspector inspect the manufactured home prior to the seller being able to sell the home to the buyer. A minimum of thirty (30) days' notice is required. The manufactured home may not be removed from the community unless all rent, fees, charges or assessments are paid to the end of the term. The Community Owner may prevent the removal of a manufactured home to enforce this rule. Home removal must be coordinated with the community so that the community can insure that no damage occurs and so that the operation of the community is not unduly interrupted. Residents are advised that prior to removing a manufactured home from the community, a removal permit must be obtained from the applicable government bodies. These permits must be presented to the Community Owners before commencing with removal of the home. Anyone contracted to remove a resident's home must have insurance and provide proof of insurance to the community prior to removal. The resident shall return the lot space to a natural level and a debris-free condition subsequent to removal of their home. All outbuildings must be removed. Plywood sheeting must cover all lawn areas over which any wheels will travel before a home may be removed from a lot. Prior to the moving of any home within the community, the resident must provide Community Owner with proof that the mover has adequate and sufficient liability insurance and proper equipment to prevent damage to community property. Home moving must be coordinated with community management; all water, sewer and electric connections to community utilities must be made or disconnected by community personnel at standard rates on fee disclosure provided. Home moving will not be allowed during evening hours or on weekends. All taxes must be paid prior to removal and proof of a tax certificate if required.

The new replacement home may only be the same size or smaller than the existing home, unless prior written approval is obtained from Community Owners to install a larger home; and prior written approval for the new replacement home must be obtained from Community Owners to ensure that the home complies with the quality and appearance standards required of all new homes which come into the community (see Home Appearance/Maintenance). This includes at a minimum that the home must be HUD approved, have a pitched shingled roof, vinyl siding and shutters.

Management may thereafter enter the home, secure any loose or movable appliances, furnishing, materials or supplies and move the home to a storage area or other location. Storage fees and moving fees will then be charged against the resident. The Community Owner and community management have no responsibility for safeguarding any home or the contents thereof. The community may petition the court to be awarded title to any abandoned home.
- h. Home Calamity:** Any home destroyed or damaged beyond repair by reason of fire or other calamity must be removed from the community within thirty (30) days. All moving/removal expenses, repair costs for community property and repair costs for neighboring land are the responsibility of the home owner. The resident shall return the lot space to a natural level and be debris-free after removal of their home.
- i. Real Estate Taxes:** Residents must pay all real estate taxes assessed and levied against the manufactured home. No tarping of window a/c units when not in use.

The lakeside of the home space is the responsibility of the resident to maintain. Some commonly practiced lakeside modifications can help lakeside residents control the rate of erosion.
